August 14, 2017

Dear Boys & Girls Club Community,

The Pueblo of Pojoaque would like to take this opportunity to thank you for all the years you have supported your children through the Boys & Girls Club organization. We are proud to have been a part of your children's lives for the past twenty years. Unfortunately, it has become more and more difficult to financially support the Pojoaque Pueblo Boys & Girls Club at the levels that we have. It was a grueling decision to close our operations and restructure, but we were forced to make changes, changes that we hope will cultivate an even better organization, just on a smaller scale.

We'd like to thank the staff for the love and fun they provided to the children of the Club. To the devoted parents who have spent numerous hours volunteering, fundraising, and contributing to the development of the Boys & Girls Club, your contribution is appreciated.

We ask for your patience and understanding as we make this transition. More updates and communication will follow as we finalize the new developments.

Many, many thanks to all that have been a part of the Boys & Girls Club Community.

The Pueblo of Pojoaque
